RECOMMENDATIONS OF JURY: (SEE ATTACHED)

ᐅᐅᐅᐅᐅᐅᐅᐅᐅᐅ ᐅᐅᐅᐅᐅᐅᐅᐅᐅᐅᐅᐅ (ᐅᐅᐅᐅᐅᐅ ᐅᐅᐅᐅᐅᐅᐅᐅᐅᐅᐅᐅ)

Addressed to the RCMP:

1. The RCMP, will work with Inuit Organizations to form an Inuit Advisory Committee that can provide guidance on needs specific to Nunavut to achieve the shared goal of preservation of life in coordinating efforts of all aspects of Critical Incident Team response.
2. The RCMP, through the Canadian Police College, working with an Inuit Advisory committee, will ensure delivery of training material and curriculum for Critical Incident Responders and Negotiators that is relevant to the historical and contemporary experiences of Inuit to de-escalate situations and to build positive relationships.
3. The RCMP "V" Division, will make best efforts to ensure a crisis negotiator familiar with the language and culture of Nunavut is made available to assist any crisis negotiators deployed from Southern Canada to address a Critical Incident in Nunavut.
4. The RCMP "V" Division, will make best efforts to establish Community Liaisons to work with Critical Incident Responders and Negotiators sent from outside Nunavut to deal with Critical Incidents.
5. The RCMP "V" Division will work with the telephone service provider in Nunavut to develop a clear procedure for locking phone numbers in crisis situations, to ensure crisis negotiations have complete information on which number to use to call into a locked phone.
6. The RCMP, Critical Incident Emergency Response Team, may test equipment in cold weather training to help prepare repertoire of equipment that will work reliably in Northern conditions.
7. The RCMP "V" Division, will make best efforts to explore the viability of creating and staffing an administrative position in local community detachments to assist local RCMP and the general public. The administrative role would help facilitate clear, accurate communications in Inuktitut and English on a daily basis and in crisis situations. This position would have its own dedicated phone line to receive calls independent of -1111 dispatch and -0123 to reach local officers. In Critical Incident Response this line could receive calls from public with potential information that may assist negotiators.
8. The RCMP, may have access to psychologist and, or psychiatrist familiar with their negotiation model.

Addressed to the Government of Nunavut:

9. The Government of Nunavut, will make best efforts to help provide early intervention and support of physical and mental well being of youth and first responders such as Fire Fighters and Search and Rescue.
